

HELLO LITTLE HOUSE

<http://hellolittlehouse.com/2012/08/forget-me-not-organiser/>

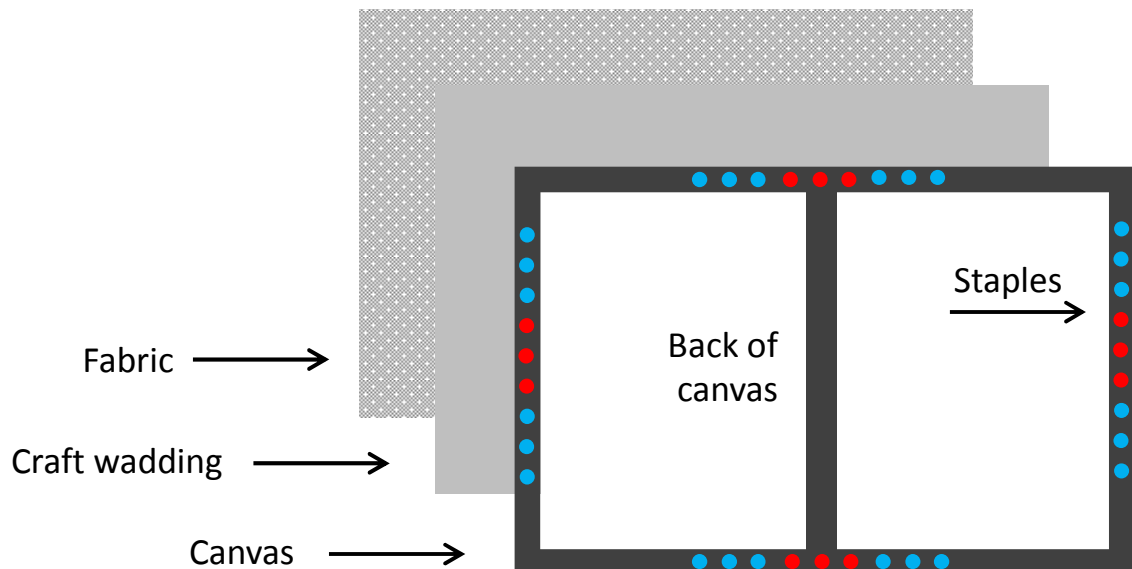

What you need:

- Craft canvas
- Craft wadding
- Fabric
- Staple gun
- Clear clipboard
- Clear brochure holder
- 6 x nuts, bolts & washers
- Picture hook & string

What to do:

1. Cut craft wadding to size to cover front of canvas.
2. Cut fabric to size to cover canvas allowing enough seam to wrap around edges of frame.
3. Place fabric face down on table then layer wadding and frame on top. Wrap fabric around frame, pull taught and secure at back of frame with staples. For best results, staple in the middle of each side first then work your way out to the edges (see diagram – red dots first, then blue etc).
4. Fold fabric neatly over corners and secure with staples.

5. Drill 4 holes in clipboard to suit your bolt size – 2 at the top, 2 at the bottom (see hints & tips).
6. Mark out holes for clipboard position on pin board and use a screw and screwdriver to puncture through fabric, wadding and canvas.
7. Secure clipboard to pin board with nuts, bolts & washers.
8. Follow same process for brochure holder.
9. Secure picture wire to back of pin board and hang.
